# WEB DEVELOPER PORTFOLIO

Aditya Ricki Julianto

# PROFESSIONAL SUMMARY

Currently, I have more than two years of experience as a Backend Developer, started my professional career in 2021 didn't stop my curiosity to learn more about other tech stacks, especially in the backend world. That's why I am here now and declaring myself as a backend developer. Some of my skill sets are JSON, REST API, SQL, Git, and familiar with Laravel, VueJS many other techs. I am willing to work together as a team or individually and can work everywhere. See you soon.
